

per cent of these languages are now endangered, often with fewer than 1,000 speakers remaining. UNESCO predicted that 1,500 known languages may no longer be spoken by the end of this century. Meanwhile, just 23 languages account for more than half the world's population.

With what *Rhapsody of Realities* is doing, having had the book translated into 7,858 languages of the world, will go a long way to save some languages from going extinct. This should attract the attention of global leadership bent on preserving world languages. For example, in Nigeria, the Minister of Information and Culture lamented the rate Nigerians are losing some of their languages, saying that a new law has been put in place to ensure children are taught in their mother tongues in primary schools across the country. *Rhapsody of Realities* helped discover 18 more indigenous languages, beyond the 502 officially listed on the Nigerian languages' websites, thereby adding to the body of knowledge, and enriching the works of linguists on the nation's body of languages.

This is a feat of no small proportion, especially when one recalls that day in 2001 when Pastor Chris Oyakhilome stood before the congregation clutching the very first copy of the daily devotional and assuring them that it will get to everyone in the world irrespective of language. A declaration even the most avowed optimists' thought was an overreach.

That was why only few caught the revelation, when he said

prophetically, that “this small book, which would be published monthly, will soon travel and be in all homes all over the world.” Though a thunderous chorus of Amen followed the prophetic proclamation, yet one block at a time, with uncommon diligence and hard work, the devotional, in just two decades, has found phenomenal expression speaking in languages people understand, and highlighting experiences they easily relate with.

SETTING THE TREND

According to Loveworld Publishing Director of Operations, Pastor Lola Aisida, “Never in the history of the world, and in all the record books of Guinness Book of World Records has any literary material – be it document, film, writing, book, or any piece of historical or modern parchment – been translated into over 7,000 languages.”

For Aisida, the meteoric rise of the *Rhapsody of Realities* devotional to the most-coveted spot as the world's Number 1 daily devotional and now the Most Translated Book (MTB) in

the world, is seeded in the hard work sown by Pastor Chris and volunteers across the world who have grown into a vast network of publishers spread across several countries, churning out month after month life transforming messages, that are being translated worldwide by a web of translators who have morphed into a global network known as Translators Network International (TNI). This is quite innovative and has never been done by anybody else in the world, until now.

“By any standard, the work of translation is not an easy one. If it were, the world's popular literary pieces would have long been made available in all languages. On the contrary, authenticated records point that the most translated short film documentary is in 11 translations, the most translated short film has 22 translations, the most translated document, the Universal Declaration of Human Rights, produced by United Nations in 1948, as of 2019, has been translated into only 370 languages. The acclaimed Most

Professionally translated author in the world, Agatha Christie has her books translated in only 100+ languages.

Pastor Chris maintains that through Rhapsody of Realities, no language goes extinct and to achieve uniformity in the message the TNI has an academy, with the headquarters in Nigeria where all translators are trained and retrained in the terms, and languages and nuances peculiar to the Ministry to ensure that what goes out monthly in all those identified languages are the right words and phrases from the author.

HEALING THE BRUISED, HURTING AND SICK

After the maiden edition of the Healing Streams, and five subsequent editions, a few imagined the reach and spread of the programme, but today, it has become the number one healing platform globally, as testimonies from over 100 countries keep pouring in. Lives saved, hopes restored, and millions received their healings; with the sixth edition which held in November 2022 being translated in over 6,000 languages.

Through the HealingStreams.TV, a healing and miracle channel that creates an atmosphere for faith and the miraculous in and around for viewers in such a way that they take hold of God's plan for divine health and healing, many have been saved. The spirit-filled programs express God's love, unfailing grace, the compassion of Jesus and the healing power in the

Name of Jesus.

When Jesus said in John 14:12, "...He that believeth on me, the works that I do shall he do also; and greater works than these shall he do; because I go unto my Father," many in the body of Christ interpreted this to mean new types of healing miracles. However, what could be greater than raising the dead, as accomplished in the ministry of Jesus? Pastor Chris' ministry this year suggests that the Master spoke, not only of the quality of the miracles, but the proliferation of the miraculous in a hurting world.

The Healing of the Nations magazine has become one of the most potent materials through millions of people around the world have made contact with the Healing Ministry of Pastor Chris.

Consequently, there have been extraordinary testimonies of healing miracles from all those who have either read the testimonies and faith inspiring articles or had physical contact with the publication.

If the Lord Jesus returned today, it would be on record that

His words in John 14:12 did not fall to the ground. Through Pastor Chris Oyakhilome, little children, women, the elderly, and the poor all received a touch of divine healing and restoration. And many have been raised from dead.

PASTOR CHRIS: WORTH HEARING

"Truth is often uncomfortable. It is only comforting to those who do not wish to ignore it. Then, truth becomes not only comforting, but inspiring."—Neale Donald Walsch.

Pastor Chris has elected to speak the unpopular and uncomfortable truth in a world that is comfortable in acquiescence. He has remained steadfast in his call for preparation instructing the global audience to prepare their hearts to serve the Lord, to make preparations for the house of God, to prepare with the Gospel, and to prepare to meet God.

Like the voice of John the Baptist preparing the way for the Lord Jesus, Pastor Chris began to strengthen the revelation of Jesus' imminent return, which he began

to unveil in 2020, to be much sooner than we all imagined. This singular shift has resulted in a greater unity in the body of Christ as ministers in the International School of Ministry Ministers' Network (ISMMN) and the Rhapsody Evangelistic Outreach Network (REON) consolidate efforts in line with the spirit of the message. In 2021 alone, REON ministers organized over 5 million outreaches which culminated in the salvation of 600,000 souls. The Global Ministers Classroom, another initiative of Pastor Chris where Ministers of the Gospel from various denominations had over 78 million men and women of God in attendance.

CHANGING THE GLOBAL LANDSCAPE OF GOSPEL MUSIC AND ARTS

Pastor Chris has through his teachings brought the Church to a new level of appreciation of true praise and worship that God demanded in the Holy Scriptures and how it should be offered. According to him, God orchestrated music for his praise and worship alone. However, through the years music has been so corrupted by the devil such that even the Church began to copy the way of the world and thereby became worldly.

"This is now changing," he said, adding that "the Church must return to the Bible definition of true praise and worship that is befitting to God Almighty, the way He wants it."

The Loveworld Festival of Music and Arts (LFMA) this year provided thousands who were

The honoree Pastor Chris delivering his acceptance remarks

physically present and millions who participated in the LIMA Awards night that was transmitted to a global audience, the unique opportunity to experience praise and worship in a new dimension.

LFMA and LIMA, are among other highly innovative visions from Pastor Chris Oyakhilome. It is not for nothing that as at today, Christ Embassy has produced more gospel songs written under the guidance of the Holy Spirit with lyrics that are to the praise and worship of God alone than any other Ministry in the world.

To sustain and encourage more Spirit-bred talents, Pastor Chris established the LFMA and

Loveworld International Music and Arts, LIMA, Awards are platforms given by him to celebrate the gospel of the Lord Jesus Christ through the uniqueness, beauty, excellence, colours and diversities of the Music and Arts Ministry of the LoveWorld Nation. The reach of the music and arts is extended to all ages, languages, colours and peoples of the Earth.

In fact, the LIMA AWARDS which saw the recognition of 100 Best Songs out of the several hundreds of songs written and sung this year, the highest ever, has been dubbed the greater than Grammy because this celebrates TRUE gospel music, and there has never been anything like it in the whole world. This third edition of the LFMA took place showcasing how far the event has gone and the impact it has made thus far since its inception in 2015. At the LFMA 2022, attendees experienced a heavy downpour of the glory and the blessings of God in music and all forms of the Arts. At the LFMA 2022 was an exhibition of the tools of evangelism and Christian growth through music and arts.

Through Pastor Chris Oyakhilome, little children, women, the elderly, and the poor all received a touch of divine healing and restoration.

PRAYING FOR THE WORLD

Being a great advocate of prayers, and the importance of prayers, Pastor Chris has broken records in leading the longest-standing unbroken prayer chain globally which as at the time of this compilation stands at 1064 days, 9 hours, 33mins, and 34 seconds (As at December 5, 2022). Through the PastorChrisLive Pray-a-Thon involving thousands of praying groups of several Christian ministries. Speaking of the end-times, the Lord Jesus and the Apostles emphasized the role of prayers for all men, selfless prayers that establish the will of God in the name of Jesus, while maintaining laser focus on separating God's people from the prayers of the "give me" kind. No wonder his Global Days of Prayer continue to see the participation of billions of people of all races, ethnicities, and nationalities. The revelation of the Christian's place in Christ as the restraining force against Satan's evils has sunk into the Church like never before and has resulted in several victories won against the COVID-19

agenda, revealed by Pastor Chris to be a satanic ploy to buy more time of tyranny over the nations.

A TEACHER TO THE SAVED AND UNSAVED

In this year of the supernatural, Pastor Chris has deployed 'Your LoveWorld Special' as a veritable platform to bless millions around the world with live ministrations of God's word. Following his teaching, the man of God under a special and spur-of-the-moment unction of the Holy Spirit, ministered to the sick, with specific mention of cases of asthma, and loss of the sense of taste, amongst others. Speaking forth words in the power of the Spirit, he urged the viewers who had received healing miracles to immediately call in and share their testimonies with the global live audience.

With every new episode of the "Your LoveWorld" telecasts that have become the bane of nefarious shadow governments around the world, Pastor Chris brings to light the discussions of powerful men and women concocted in their "hidden"

chambers.

Most of the issues he spoke about of which he was called a conspiracy theorist all came to pass to the extent that even some within the mainstream media acknowledged he spoke about them.

In these times, the man of God, Pastor Chris has proven to be the only voice worth hearing with his consistently accurate predictions of government actions and spiritually inspired solutions. Pastor Chris stirs the Church up to pray, and indeed, the resultant testimonies have been uncommon.

As if in response to the words of Howard Thurman: "Do not be silent; there is no limit to the power that may be released through you," Pastor Chris has never given room for anybody, organization, or government to hush him down. He has "kept saying it, don't stop talking it," and in doing so, he has been a great blessing to this world.

BIRTHDAY MESSAGE TO PASTOR CHRIS

*Words cannot describe how I feel about you x3
But when I sleep I see glory of God around you,
When I sleep I see angles and saints around you.
When I sleep I see stars and lovely lights shining around
you.*

*Hallelujah" Praise the Lord of all x3
Happy birthday to you Pastor Chris x3
Happy birthday 'happy birthday happy birthday to you.
Have a blessed day sir with family and friends

REMEMBER I TOLD YOU - Pastor Chris

| Ifeanyi Izeze |

THESE days, whenever the President of the Loveworld Nation, Rev Chris Oyakhilome, comes up on stage in any of the ministry's major programmes, he will always say, "Remember I told you; I told you." And as expected, "I told you" has now become the phrase of the moment" and definitely it has to be.

The Man of God since the outbreak of COVID-19 in 2020, which ended up being a debacle, has insisted it was an obligation to speak out about what was obvious to him but was also clearly too dangerous a subject for anyone to actually speak truthfully and honestly about.

He has been telling the world why things are happening and using the scriptures to explain what the Bible is saying at this end time.

"I told you this is their best opportunity yet, they never had it this close and that's why they would never want to give it up. It was always there, they just didn't have the best of opportunities before 2020."

As a lone voice, Pastor Chris had at the onset of the fiasco in 2020 raised the alarm that the globally acclaimed coronavirus pandemic is false, degenerating into corrupt and untrue media propaganda to create fear.

He challenged coronavirus promoters to verify the authenticity of the virus. He expressed strong opposition to lockdowns in various countries of the world and other interventions of governments since the outbreak of the debacle in early 2020.

"I told you they were going to bring these vaccines and they did. They lied to you about the mask; they lied to you about the vaccine, and they lied to you about the ventilator.

"I told you that once they start with vaccines, it's going to be vaccine after vaccine. They told you that things will never be normal and there will never be liberty until you are vaccinated. They don't ever plan for you to be at rest again."

Pastor Chris was right all the time! Now we have seen that even when the vaccine did not work, they did not stop because they have ulterior motives. It's a

symbol of subjugation and control. These are eugenicists.

"I told you that the vaccine was for one purpose, for a new world order. I told you Dr Fauci was responsible from the beginning. Everything that came up later on from emails and other sources proved that I am right.

"I told you the vaccine was not for health purposes and has nothing to do with your health. The vaccine is the best way to get into your body. They want to introduce software into your body through which they can introduce the applications to run the software.

"And it's beautiful that so many were deceived and lured into taking this dangerous vaccine which those who administered them knew quite well what they were doing.

"It is not a mistake, not an error. It is based on deliberate plans for population reduction as I told you before. This has not changed."

The World Health Organisation, WHO, is now saying we are going beyond borders and you think that's a joke? It's not about vaccines I warned you.

They are doing a good job of destroying families. It's about control. It's about ownership.

The government wants you to raise offspring for them. They are telling you that when your children go to school, the authority has the right to vaccinate them without parental consent, but you don't have the right over your children anymore/

Right now they tell you it's for health and well-being and they can argue from sun up to sun down. If you shut up your eyes and say it doesn't matter, you'll soon realise it matters.

They are trying to raise a new breed through the children and I showed you in my teaching, how they planned it several years ago about "Children of the State" and they think they have the opportunity to carry it out now.

They say they are coming for your children, they are not hiding it. If the children go to school, what happens there it's not the parent's concern. The parents would no longer have the right to decide what happens to their child. They are taking from the same script that has been given to them - The New World Order. Now you'll soon know you gave birth to a child for the state.

They're hoping somehow we all will just turn a blind eye but all the records around the world, more

people dying because they took the vaccine. It is on record.

A report from Alberta, Canada had called on the Medical Association to investigate the sudden deaths of 80 young doctors who were vaccinated. Now they are coming up with another coinage, "Sudden Death Syndrome." And medical groups are comparing notes across different nations just to find out if what they're experiencing in their own country is similar to what others are finding and it's the same. It's sad to see that in spite of these overwhelming horrendous results, they continue to say get vaccinated because they have a plan.

There are several things that we must be conscious of and this is why we have to pray because the Lord expects us to do something about it because we can. The first one is this COVID-19 debacle, of course, the associated collateral damage.

I told you there was never a plan to find a solution to the alleged global pandemic. But why did people not believe us? The answer is simply: they were swerved through polarization, pitching everybody against everybody so they can never come together to reason out the smokescreen on the real essence of COVID-19. People are now focused on their neighbours and labelling them, the worst hit niche being the Church fighting itself.

But they want to make things worse and if we fold our hands and just sit back and watch them, then the perpetrators of evil will have their way.

According to him, the Church should know that it's time for us to restore our faith, restore our freedoms, restore our responsibilities, and be ever-vigilant never to be so casual and dismissive in giving them up again to people who are pushing a devilish agenda.

In the next edition of Your Loveworld, I'll tell you some more so when you hear newer ones, it won't be as if 'ahaaa they've come again', Pastor said.

Pastor, you're indeed the Leader of "This Dispensation" after all you reopened the world by declaring that "we are now living in post-Covid times." And it's amazing they (the perpetrators of evil) have started using the same language.

Turnaround Miracles at Healing Streams Live Healing Services With Pastor Chris

TESTIMONIES and narrations of experiences before encounters with the Healing Streams Live Healing Services with Pastor Chris, illuminate turnaround miracles springing from the spiritual exercise with the President of Loveworld Incorporated. The Healing Streams Live Healing Services has been a stop-gap between hopeless situations in the lives of certain persons and the manifestation of the power of God to turn around situations.

This culminated in testimonies of strange and hopeless situations being reversed during the Healing Streams Live Healing Services, demonstrating the power of the Word of God, and the reality of the Lord Jesus Christ, through the Man of God.

Angelica Trujillo testified of her healing encounter during the Healing Streams Live Healing Services with Pastor Chris after years of tremors, stiffness of body limbs, continuous shaking, limited mobility, and anxiety, which degenerated into worse complications since 2015.

Angelica suffered from Parkinson's ailment, a brain disorder that led to uncontrollable movements.

According to her, "I could not go back to work. My entire body was stiff and constantly trembling. I had trouble standing and walking and couldn't even bathe myself.

"I also started to have allergies, breathing difficulties, and blurry eyesight. I needed a

Pastor Chris ministering healing power of God into Angelica's sick body during Healing Streams

wheelchair and a walker to help me move around. I could not concentrate on anything."

Angelica, after seven years of tremors, a period all medical treatment failed, heard of the July 2022 Healing Streams Live Healing Services with Pastor Chris.

Angelica participated actively at the Live Healing Services. God remembered her when Pastor Chris was ministering to those connected through video conference, and called out to Angelica.

With hands stretched forth, the Pastor declared her healed and whole. Angelica received the declarations. The next day, she noticed changes in her body; the stiffness and tremors cured; headache, blurred vision, and allergies disappeared; and she received perfect health.

According to her, "I can move around now without losing my balance. All the symptoms I was feeling in

Prisca Nosike

my body are gone. I can take showers, do dishes and do everything without pain. I sleep through the night without any sleep medications.”

Also, Prisca Nosike got her health restored after a long period of debilitating illness, as she returned from school with a headache and stomach pain one day.

As the headache became severe, with intensifying pain, medical examinations in the hospital diagnosed Prisca with typhoid and malaria. Prisca narrated: “They gave me treatments for malaria and typhoid for a month but they were not working.

“My mum reported the situation to the doctors, they referred us to a general hospital. From there, we were referred to several other hospitals. They all diagnosed malaria and typhoid and treated me accordingly, but the drugs didn't work.”

Prisca was subsequently referred to a teaching hospital, where the result of her blood sample taken abroad for extensive tests, confirmed that she had systemic lupus erythematosus and kidney enlargement.

After six months of therapy, Prisca developed urinary retention, sunburns, joint and muscle stiffness, incontinence, dizziness, irregular temperature, nausea and vomiting, intense fatigue, chronic hair loss, and numbing pains, causing her physical and mental limitations, including the inability to walk, stand, sit, eat, move her body, or lie down on her side.

Prisca narrated: “When I started the treatment, my hair fell off, I lost my appetite, I couldn't urinate or pass waste, I couldn't stand, and I started panting if I walked two steps.

“At one point, my legs became swollen because I had not urinated for over two weeks.”

Prisca's mother said that “For one year, she needed a blood transfusion every two weeks. She was on a drip (IV treatments) throughout because she could not eat. She took 24 tablets every day.”

After all medications failed, Prisca and her mother were introduced to the July 2022 Healing Streams Live Healing Services with Pastor Chris, there, help came her way from above through the Man of God.

Prisca narrated: “When I came to the Healing Streams, I was very expectant, I knew the end of my suffering was close.

“The Man of God came to me and told me to stand up and look into his eyes, which I did. He blew on me and a wave of electricity went through my body and I knew I was healed.

“The Spirit of God had always been here with me, all I needed was faith to receive. I started thanking God. By the time I got on the bus to leave, the swelling in my legs and stomach had reduced and the pain was gone. That day, I ate what I couldn't eat before. In less than 30 seconds, I was free. God had done something that one and half years in the hospital couldn't.”

Prisca from that day stopped using drugs or taking blood transfusion, and she has resumed schooling.

Moreover, Deuel Orok, a 30-year-old pilot, developed appendectomy in November 2021, which caused more complications, making him undergo surgery.

According to Deuel, “After the surgery, I woke up and realized I was still in pain. A day after, my

abdomen began to swell, to the point where it seemed it would burst. I needed an operation to drain almost four gallons of fluid from my stomach. In another two days, the swelling started again."

Deuel had four surgeries in one week without improvement. At a teaching hospital, doctors discovered that his intestines were perforated, and he was diagnosed with abdominal abscesses and gastrointestinal fistulas. He said, "because of the holes in my intestines, I was operated on again, and 50 percent of my intestines were taken out." His health deteriorated so much that friends and family went on social media to appeal for financial support to pay medical bills, which provided means for Deuel's sponsorship to Dubai, United Arab Emirates, for medical treatment.

Deuel narrated: "When I got here, the doctor was shocked that I was still alive. They cut out another portion of my intestines; so, I was left with just 20 percent. I couldn't walk, eat, or do anything. I knew there was no real chance of going back to a normal life."

At the limit of medical science, Deuel heard of the July 2022 Healing Streams Live Healing Services with Pastor Chris.

Participating with high expectation in the July 2022 Healing Streams Live Healing Services, Deuel testified: "I knew it was time for God to heal me and the Healing Streams was the channel. I had my faith joined to the faith of people praying for me all over

Few months ago

Currently

the world, and the prayers were not in vain.

"An outreach team set up a healing center for the program in the hospital ward. I didn't know much of what was happening but I was looking at the screen. As soon as the Pastor started praying, I removed the pipes from my nose, hands, sides, and everywhere. Then, I stood up and started walking."

He added: "Before the Healing Streams, every time I tried to eat, my abdomen would swell. That day, I ate six times and I was perfectly fine.

"I had nine specialist doctors who had tried everything but God started from where they stopped.

"Since I left the hospital, I haven't taken any drugs. I can climb the stairs now. I can stand without help and my hair is growing again. No more pain."

With a heart of gratitude for the turnaround in his life, Deuel declared, "Thank you, Pastor Chris, for your selfless sacrifice. My family and I are grateful. Thank you, partners of the Healing School; because of you, I have seen and experienced love. And I am a testimony today."

*HAPPY
Birthday
Sir!*

Rev. Dr. Chris Oyakhilome

DSc. DD.

Wow! What a thrilling delight it is to arrive at that time of year again when we have the glorious and invaluable opportunity to celebrate you sir. However, a million and one lifetimes will not be enough to tell the overwhelming graces and blessings that having you as our sagacious leader and great commander in Chief has accorded us.

Today Sir, we join the hosts of saints and angels in heavens, as well as the kingdoms and nations of men on earth to salute your dauntless courage. Thank you for teaching us to fight the good fight of faith and to lay hold of the eternal life given us in Christ. Through your teachings, we have gained insight into the mysteries and secrets of our divine calling and learnt to fulfill the ministry without reproach. Rather than putting our hands to the plough and turning back, your life of militancy, in effectual prayers and living sacrifices of praise, has constantly energized and fueled our faith to see the unseen; helping us take words as we worship the King of Kings; and wield the unrivaled authority in the name of Jesus, in daily mending and repairing the aions of men within our jurisdictions.

Happy birthday dear Sir. Our lives are ever so beautiful as you have continually painted us on the canvas of God's love. We are your eternal fruits of righteousness and will remain the stars in your crown when the Master returns. Thank you for being like the Lord Jesus and leading us always in a triumphal procession.

We love you Sir
